## WHO WE ARE >>>

India Think Council (ITC) is an independent research organisation promoted and founded by qualified Chartered Accountants in India to work as a Think Tank on Economics, Politics, Society and Culture.

ITC is an institution of researchers, scholars and experts collectively working hard with a vision of making this organisation a strong and effective voice of India through its ideological initiatives, quality research, data and fact analysis, financial and statistical reports, social studies and intellectual programs across the country and abroad.

The objective of the council is to study the vision and idea of India and promote the nationalism amongst the society, business community and various categories of students in higher studies.

In association with our Governance & Policy Research partnering institutions, Council is engaged in independent Social & Policy Research under various forums in the council.

India Think Council is Ranked 75 globally by TTCSP (University of Pennsylvania). it was ranked 95 & 105 globally in the year 2019 and 2018 respectively.

## OUR VISION >>>

"To become a prominent institution of excellence in India for research, study and conversation on Economics, Politics, Society and Culture."

## >>> OUR STORY

In the year 2014, young risk advisory professionals in SPS ACUITY LLP (acuity) with its associated Chartered Accountants firm (Multi Associate), started this journey of organizing dialogue on governance, based on their audit and assurance experience to discuss the role of professionals and youth in nationalism and nation building.

Renowned economist, parliamentarians, policy experts and business leaders and spiritual scholars joined the dialogue as guests to address the distinguished audience from various domains and practicing area

The journey started by Saurabh Pandey; founder of the Council, from FICCI and Constitution Club of India in New Delhi, is continue across the country and in Indian Universities with a strong professional team of more than 70 people today located in 6 research offices and overseas centres.

Team of scholars in the council and its regular dialogue, conference and research orientation; positioning the council as a prominent and leading think tank of India.

Appreciation by Hon. President & Vice President of India, Spiritual leaders, various Indian state governors, chief ministers, parliamentarians, globally acclaimed academicians, legislature, judiciary stalwarts for our policy initiatives and annual dialogues are manifestation of our commitment to bring good governance in the country through academic research and healthy dialogue.

More than 15,000 learned participants have attended on record till march 2021 in our intellectual sessions across the country and thousands get virtual benefit of our policy lectures through social media and regular write ups.

Our team of experts representing the council regularly to the global platform hence providing the council an international recognition at appropriate forums

# SUPPORT INDIA THINK COUNCIL

A nonprofit organisation working as an independent think tank operates through contributions and support money from individuals and organisations.

Transparency and accountability are maintained through a periodical audit by independent Chartered Accountants firm and skilled professionals to account and perform an internal audit of the activities in the council.

Our conferences are always free for participants and study papers are free for access to all.

To fund all the activities in the council, we largely rely on sponsorship and support money.

We would love to hear from you: [support@indiathink.org](mailto:support@indiathink.org)
